Addition Practice Worksheet

Another way of addition which will help us to add bigger numbers.

$$4 + 5 = + \begin{array}{r} 4 \\ 5 \\ \hline 9 \end{array}$$

We have put the numbers on top of each other and add it. We need to do the same process but little different.

$$9 + 3 = + \begin{array}{r} \boxed{9} \\ 3 \\ \hline \boxed{1}\,\boxed{2} \end{array}$$

$$7 + 2 = + \begin{array}{r} 7 \\ \boxed{2} \\ \hline \boxed{9} \end{array}$$

$$8 + \boxed{9} = + \begin{array}{r} 8 \\ 9 \\ \hline \boxed{1}\,\boxed{7} \end{array}$$

$$7 + 5 = + \begin{array}{r} \boxed{7} \\ \boxed{5} \\ \hline \boxed{1}\,\boxed{2} \end{array}$$

$$3 + 3 = + \begin{array}{r} 3 \\ \boxed{3} \\ \hline \boxed{6} \end{array}$$

$$6 + 9 = + \begin{array}{r} \boxed{6} \\ 9 \\ \hline \boxed{1}\,\boxed{5} \end{array}$$
