

Introduction to Place Value

Concept

This is a place value chart to help you see various positions in a number up to hundred thousands. If you look closely you can see a pattern. Even though groups may change. They are both separated into ones, tens, hundreds.

This number has
8 hundred thousand
6 ten thousand
2 thousands
1 hundreds
7 tens
5 ones

Example

Do you see how groups are separated by a comma (,). And one thousand place dose not have the "ones" includes in the name ?

Assignment

- 1 Look at the following numbers and write their place value:

945,834 _____

840,195 _____

428,250 _____

23,031 _____

- 2 Now, look at these place values and write the number:

3 hundred thousands, 4 ten thousands, 0 thousands, 2 hundreds, 8 tens, 9 ones

2 ten thousands, 6 thousands, 7 hundreds, 3 tens, 2 ones, 5 hundred thousands

9 tens, 5 thousands, 0 hundred thousands, 2 hundreds, 4 ten thousands, 5 ones

In the number 686,219 What digit is in the thousand place.
