

# Answer

Total flower she will need =  $19 \times 5$   
= 95 flowers.

Cost of 95 flowers =  $\$2.43 \times 95$   
=  $\$230.85$

For 16 serves =  $16/4 = 4$  waffles.

Milk she will need =  $4 \times 1/2 = 2$  cups.

Quickest way to measure 9 tablespoon butter =  $27/9 = 3$   
She can divide rectangle into 3 parts, each of 9 tablespoon.
